Sales Representative

sales@rentglobe.com
Canada: 604-628-2905 USA: 509-590-2348
Showcase Your Property or Business to People on the Move. Find English Speaking Services Around the World.

Overview

The Field Representative is an individual who seeks Property and Business listing and marketing opportunities in their particular region of coverage. These individuals work closely with the City Representative to determine which areas of the territory they will cover and combine efforts to market RentGlobe.com services in a coordinated manner.

The primary function of a field representative is to obtain listings and promote RentGlobe advertising services. This individual will seek out existing rentals, sales and primarily English speaking businesses in a neighborhood or tourist centric area and offer the owners or managers opportunity to list online to showcase their property or business to foreign customers and nationals visiting their area for vacation or to move permanently.

The field representative is a self-employed contractor to the City Representative. In both of these positions, it is the responsibility of contractor to procure the appropriate legal authorizations to do business in their country of residence. For example, when in Mexico, a field representative could be a citizen of Mexico who is authorized to do business in Mexico. Others working in the same city however may work under the umbrella of the registered individual who can perform business. Much of what the Field Representative collects in revenue will be in the form of cash – it is the discretion of the city representative to maintain adequate cost and revenue controls of their business.

The forms of revenue available for the Field Representative are as follows:

1. Property Listings
2. Business Listings and promotions
3. Featured and Banner Ads

Target customers and services are as follows:

1. High end communities owned by foreigners or wealthy nationals whereby their home is used only for vacation use and is rented out most of the year.
2. Tourist friendly business areas whereby most of the proprietors are English Speaking or targeted services to Tourists / foreigners. English speaking professional services like Doctors, Lawyers, Dentists, Notaries, Contractors and other professionals. Entertainment centered, Tourist related businesses like tours and other fun activities whereby we can list the company, feature specials using coupons and sell banner advertising linking to their website.
3. All Hotels and Resorts (we currently have marketing campaign to list all hotels and resorts in PV). List their hotel and sell banner advertising linking to their website if available.

Our goal is to be the most complete online real estate sales/rentals and English Speaking services company. We are different from other online websites because we are focused entirely on an easy to use system to provide services for people to move around. We will provide our viewing customers a home and services to help them feel like home in a foreign land. The field representative will provide the core services to build out the RentGlobe.com system. As a Field Representative, you are a valuable member of the RentGlobe team.

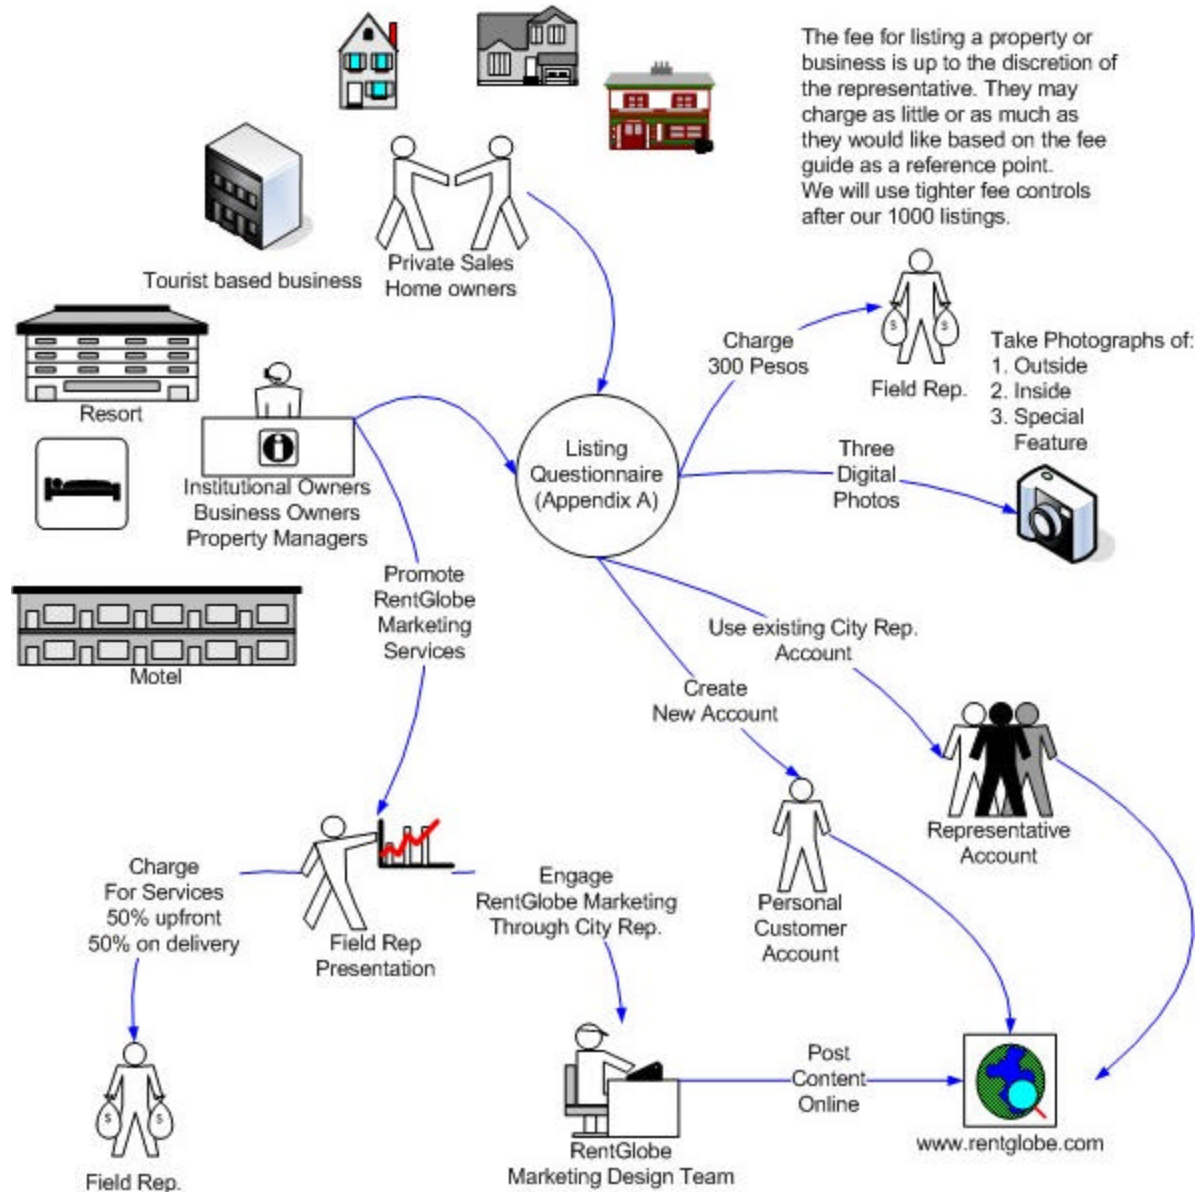

Thank you for supporting the RentGlobe system,

RentGlobe Team Services

Field Representative Work Flow

The field representative work process flow is illustrated as follows:

The key is to fill in as complete as possible the listing questionnaire found in Appendix A for properties and Appendix B for businesses. Once this is done, the Field Rep. may charge the full amount or half then the full amount upon delivery on the website.

If the Field Representative does not have a digital camera, then they must explain to the home owner that they will come back another time to take digital photographs of their home. Most likely, the City Representative will assist in providing equipment like Digital Camera if one is not available to the Field Representative.

Have Fun!!!

Sales Pitch

The field representative will use the following information to obtain a sale:

At RentGlobe.com, we help people “Rent around the Globe” – our website provides all the services necessary to vacation and live anywhere in the world. We help people move around the world with Real Estate and necessary living services like Medical, Financial, Entertainment, Food and Retail services in their language – usually in English.

Our website is becoming a standard for anyone moving to another part of the world like PV. Currently we can generate up to 1000 hits a day. Imagine the billions of internet users and thousands of travel companies around the world using our website to plan their vacations and relocation – to use our website to confidently plan travel packages with housing, entertainment and other basic living services. You could be part of the directory they use.

There are other sites that provide these services – either with too much information so it is difficult to use or just not a good design at all. We will be different in that we only provide information a traveling customer wants for their relocation to a foreign country or on vacation – a place to live and list of approved services using their native language.

After customer understands briefly what you are asking, follow these steps:

1. Make sure you are speaking to an Owner or manager of the property or business.
2. If they are agreeable to be listed, obtain the General Customer information as a Property or Business listing.
3. If they have not already asked, explain the fees involved – Upfront, Development and Ongoing.
4. Sell additional features like Banner advertising and Coupons.
5. Put a decal/sticker somewhere at the property or business (ideally front door) showing this business or property is listed on RentGlobe.com. If the customer elects to only have a free listing, politely ask if you could put a decal/sticker for providing them the free listing only service.

Additional Information:

The combination of the Real Estate guide and the Business Guide Directory will give you as a field representative double opportunity with the same customers to obtain revenue. The benefit is most business owners/managers which we will target in our canvassing likely own property or know of someone who owns real estate. We plan to put a decal/sticker on the door of every business and property to promote customers to see the website. In PV for example, our Business Directory will be used to help the 4million+ English speaking visitors plan their trip before coming to PV and the huge number of permanent residents here in PV and area to have a guide to find everything from a English speaking doctor to the restaurant of their choice to booking entertainment through us paying deposits for each venue.

There are other sites that do things similar to us. They either have too much information or too basic that it is not practical or inviting to use. We have a practical site which gives users what they want – where to live (Real Estate Guide – Vacation Rentals and Sales) and what to do (tours, shopping, eating, etc). Our focused approach will make our site the best for tourists and temporary residents in large city and vacation destinations all over the world – having local support and global reach.

The following is our suggested global pricing Guide. Prices will vary from location to location. These prices are also subject to change.

Appendix C: FAQ

Frequently Asked Questions (FAQ) about RentGlobe.com products and services

1. What services do you provide?
 - a. At RentGlobe.com we provide 4 primary services:
 - i. Real Estate Listings
 - ii. Business Listings
 - iii. Self Managed Web Content and Coupons Management
 - iv. Advertising – Banners, News Articles, Features, Promotions, etc.
2. Why is your product better than others?
 - a. Simple to use navigation. We help customers answer two very important questions: Where to Live in your city and What to Do when in your city.
 - b. Targeted advertising. Once a user selects the city they want information from, all advertising will be from that city. So your information will be focused for your best customers improving your chance of the customer using your products or services.
 - c. RentGlobe.com is like a search engine for businesses and property. You can search for these using other tools like Google and Yahoo search, but we cut out all the non-relevant information that these search engines often return to you. We save you time and give you better results for business and property information such as what and how many Italian restaurants are in Puerto Vallarta, what are my choices of boats and areas to go fishing for the day? The search results are relevant for your customers increasing the likelihood of them looking for your property, product or service.
3. I can create my own website. Why is your service better?
 - a. We provide you the easiest interface on the internet for you to create your own content without a programmer. You do not have to put up high costs, your time and to have knowledge of internet domain names, security and buy expensive software to create your own website. All the tools come with your package to advertise with RentGlobe.com – you don't need a powerful computer or even your own computer to create and manage your own web page.
 - b. If you choose to, for a very small fee compared to creating your own custom site, we can create the content for you.
 - c. We give you the benefit of featuring your business or property with an interface that people are familiar with so it makes it easier for them to find the right information about you such as your address, what you sell, find this weeks special and how to contact you.
4. I have my own website. Why should I also spend more money to use your internet service?
 - a. Benefit from many more website hits to our site than your own. You get targeted customers who come to www.RentGlobe.com to view information on your city. How many hits and customers use your website now? Here is a chance for you to increase that many times more.

- b. When you buy a RentGlobe.com marketing package for your business or property, you get the benefit of our global advertising campaigns. Your best customers are those who travel to your city – we reach them and prepare them to use your products and services before they arrive.
 - c. For example, Puerto Vallarta receives over 4 million visitors a year. Your property or business will benefit from our targeted marketing in those cities where these visitors are coming from.
 - d. You can link your website from ours. Giving you the opportunity to maximize the value of your existing investment and provide you much greater opportunity to showcase your business or property to quality customers using your own website and us as the traffic director.
5. How can I pay for the service? Can I make payments?
- a. There are many ways you can pay for the service. We can accept the following:
 - i. Cash and cash installments.
 - ii. Checks: make your checks payable to “RentGlobe Mexico S.C.”
 - iii. Credit Cards – I will take your information and submit it (Field representative can submit credit information by telephone)
 - iv. Online – we have e-commerce capability where you can use your credit card to pay online. (available February, 2006)
 - v. Payment options are available using cash or credit card. The choice is yours.
 - b. If you cannot pay for the service now, we can provide you low interest monthly payments. I can submit a request on your behalf and our corporate HQ in Guadalajara will determine the interest rate and monthly payment you can afford. I will require a deposit of 20% to begin the credit application with our Corporate HQ in Guadalajara.
6. How many people are seeing your website?
- a. We are a growing company so the number of people seeing the website will continuously grow as we target our advertising for our website all over Canada, USA, Mexico, Asia and using internet technology.
 - b. You will receive the benefit of growing with us as we obtain more and more customers everyday but your price for the service is locked in for the duration you purchased.
 - c. Currently, the statistics on the website show we can get over 1000 visitors a day so your investment with us gives you much opportunity for your business or property to be viewed by quality customers. We will make special effort to continue to advertise the website to give us over 1 million hits a day and beyond.
7. Can I get a discount?
- a. Absolutely, we appreciate your business and discounts are offered for the following:
 - i. Package services: If you purchase more than one service, we will give you a nice discount.
 - ii. Extended services: If you decided to buy longer than the advertised period, we will give you a nice discount for longer service. For example, if a one year custom web page is \$299/year, we can sell you two years for \$450 giving you the second year at half price. Since prices will increase as

- popularity of our site grows, you will benefit from buying now before prices go up next year.
- iii. Referral service: If you can recommend a customer and they buy, we will give you and your friend a package discount.
 - iv. We appreciate your support for our growing company. As a special, we will offer you an extra 1 to 3 months of service depending on the service you buy.
8. Can I receive training?
- a. Absolutely. Training is provided if you buy the full custom web page builder. We will give you one hour of lessons. The system is easy to use and one hour is more than sufficient to help you get started. If you require additional training, the rate per hour will be provided by your trainer depending on your particular circumstances.
 - b. Group training will be available from time to time. Please ask your RentGlobe representative about the next available training session. (These training sessions will be like seminars to promote our product while training our existing and new customers who are invited to the workshop).
9. Can I see how well my web page is doing?
- a. Yes, each webpage is equipped with a views counter so you can see how often your business or property is being seen by your potential customers.
 - b. We also have more powerful reports we can provide for you. Please ask your RentGlobe representative for more information.
10. How can I sign up for your service?
- a. Your RentGlobe representative can take all the information from you about your business or property using the following methods:
 - i. Paper – fill out our forms.
 - ii. Online – fill out the information using a computer with you.
 - iii. You – submit the information yourself at a convenient time using the RentGlobe representative’s sales code.
11. Can I get a discount for repeat business?
- a. Absolutely, we appreciate our customer’s loyalty. You will receive loyalty customer points as you continue year after year to use our services. We provide many incentive programs including some free features for our loyal customers
12. Can I become a Sales Representative?
- a. To be a RentGlobe representative requires extensive training. Those who are motivate and possess the right combination of knowledge and sales skills may become a Representative for our growing global network of independent field representatives.
 - b. Begin your career with all the freedom of your own business and the tools of the RentGlobe.com global network by submitting your request for an application to support@RentGlobe.com.
13. Will advertising on the Internet erase the need for me use other advertising venues?
- a. At RentGlobe.com, we strive to give you value for your advertising dollar. As you see the benefit of our service, you can decide the level of marketing you participate in other advertising venues. As the internet becomes more and more popular, we anticipate that customers like you will gradually use your budget for

the advertising medium that people will more often use. We are not a replacement for your existing marketing program; we want to give you the opportunity to be ahead of the trends using targeted internet technology. The future is the internet.

14. Can I get a refund if I don't receive any business from Posting my Ad or Rental?
 - a. Yes, if you are not satisfied with your service, we can submit a request to Corporate HQ in Guadalajara to provide you a partial refund. We will review your web page and listing design and determine the view rate and from there, determine your refund. Please remember that like your other advertising venues, we are no different in that there is no guarantee that people will be interested in your products and services the same as others. It is in your best interest and value for your investment dollar with us to give more than the usual attention to the design of your advertising with us to capture the most buying customers.
15. Where is your company headquarters based or located?
 - a. Our Mexico corporate headquarters is located in Guadalajara. Our main office is in Canada. We are rapidly expanding all over Mexico, Canada, United States and Asia. Don't be surprised if ask you about RentGlobe.com become in the coming months.
16. Who will design the ads, (rental/business) do you have your own artist and can I proof them before they are posted to the site?
 - a. Absolutely. We have a global network of graphics designers and content experts. You can create your own content using our online technology or you can have one of our content experts work with you to create it. As well, we can review your design and edit as required for a small fee. We want you to have absolutely the best web page for your category and nature of business for your city.
17. Can I try your service for free?
 - a. Yes, you can try the service for free for a short time (1 week to a month depending on the service) but the prices will likely be higher after the trial period as there will be no promotions or discounts especially if you like more than one service. Take advantage of the discounts you have with your RentGlobe.com representative rather than pay more at a later date.
18. We do not have a computer and we are not very computer literate; should this prevent us from advertising?
 - a. Absolutely not. The technology is designed so that even novice computer users who can type on a computer can use the technology. Our field representatives are highly trained and skilled computer experts to support you with you with your entire Internet advertising service needs. Do not worry; we are there to support you from the start to publishing your web page and beyond.
19. Do you have hard statistics to show that my current marketing efforts are antiquated?
 - a. Yes, the most obvious is your increase in sales. You can also view your statistics whenever you like when you login to your account. The statistics will show you how many times visitors have seen your advertisement. We have advanced statistics also. Please talk to you RentGlobe.com representative about more details on this program.
20. Is the cost for your services in Pesos or Dollars?

- a. .Since we are a global company, we accept all the major currencies. Yes, we accept Pesos or Dollars or Yen or Euros. Whatever type of currency you have, we likely can accept it. Thank you for your patronage.

**Thank you for supporting RentGlobe.com Business and Property Global Search Services.
